

Igreja Evangélica Congregacional em Angola

I. E. C. A

Evangelical Congregational Church in Angola

**GENERAL SYNOD
DEPARTMENT OF SOCIAL ASSISTANCE, EDUCATION, AND PROJECTS
“DASEP”**

MISSIONARY DONDI HOSPITAL

Subject: Full report of the year 2019

IECA Vision: A Congregational Church, Christian, prophetic, united in thought and multicultural, committed by a more just Angolan society, based on biblical and ethical principles.

IECA Mission: Evangelizing, preaching Christ to every creature, working for the satisfaction of spiritual and social needs, promoting a full life.

1. Summary

The Dondi hospital, is located in the Dondi Mission Station, municipality of Katchiungo, Huambo province. It is the second of the two existing hospitals in the municipality, being the other public. The Dondi hospital is fully supported by the church and it attends people from more than 10 villages surrounding the Mission Station. In the midst of the financial crisis that Angola is facing due to low oil prices in the stock market which also affects the economy of the families who are the donors of the church there is a great challenge in maintaining the hospital and the several services offered.

2. Human Resources

Nr	Function	Quantity
1	Medical doctor	2
2	Administrator	1
3	Nurses	7
4	Optician technician	1
5	Ophthalmology technician	3
6	Laboratory technician	2
